

Induline DW-625

Water-based, opaque intermediate and final coat for front doors with increased resistance to scratches and hand cream

Constituents

VOC content

<60 g/l

Directive 2004/42/EC ("Decopaint" Directive)

EU limit for this product (Cat. A/d): max. 130 g/l (2010).
This product contains < 130 g/l VOC.

Biocidal agents

Contains small amounts of isothiazolinone derivatives (< 0.035 % BIT, < 0.000018 % MIT, <0.0009 % CMIT/MIT (3:1)), which result from the preservation of precursors (primarily binders) or have been added for the purpose of in-can preservation of the product.

SVHC as per Regulation 1907/2006/EC ("REACH")

Does not contain (<0.1%)

Heavy metals pursuant to VdL Guideline 01

Not contained as constitutive ingredients

GISCODE

BSW30

Eco-labels, certificates, declarations

Guideline VdL 01

Free from plasticisers and aromatic compounds

Declaration in accordance with VdL-RL 01

Product group: dispersion coating

Constituents: polyurethane dispersion, acrylate emulsion, titanium dioxide, glycol ether, water, wetting agent, thickening agent, matting agent, anti-foaming agent, BIT (benzothiazolinone), CMIT/MIT (methylchloroisothiazolinone/methylisothiazolinone, 3:1), MIT (methylisothiazolinone)

For allergy information call +49 (0) 5432/83-138

EN 71

The product comfortably satisfies the requirements according to EN 71-3 in relation to the migration of heavy metals.

Building certificates

Suitability as per DGNB Criterion ENV 1.2 - "Local environmental impact"

Nr.	Place of use	Product type	QS1	QS2	QS3	QS4
1	Coatings on non-mineral substrates: metal, wood, plastic	This means decorative liquid coating materials: Paints/varnishes with base coats. This does not include special-effect coatings (e.g. metallic varnishes)	Yes	Yes	Yes	No

Suitability as per BNB Criterion							
No.	Construction product group	Construction product type	QN1	QN2	QN3	QN4	QN5
3a	Surface coatings processed on site and surface coatings prepared at the factory, as long as there is no indication under the German Federal Immissions Law or the Technical Instruction on Air Quality Control	Paints, varnishes, stains including base coats (as per Decopaint Directive Cat. D + E + F) Areas of application: Coatings on non-mineral interior and exterior surfaces: metal, wood, plastic	Yes	Yes	Yes	Yes	No

[nachhaltigkeit_qng_kriterium]			
[LANG_POS]	Construction product group	Construction product type	QNG
6.1	Coatings on non-mineral substrates: metal, wood, plastic	This means decorative liquid coating materials: Paints/varnishes with base coats	Yes

Suitability for use as per LEED	Category as per Credit IEQc4.2 - 2009: Pigmented lacquers: VOC limit: 275 g/l without water: compliant
