

Decorative Wax Stain

Wax stain made from natural resin and linseed oil

Constituents

VOC content

< 6 g/l

Directive 2004/42/EC ("Decopaint" Directive)

EU limit value for the product (Cat. A/e): max. 130 g/l (2010).

This product contains < 130 g/l VOC.

Biocidal agents

Contains in-can preservatives based on the biocidal active ingredients BIT (< 0.050 %) and CMIT/MIT 3:1 (< 0.0015 %) to protect the contents of the container against microbial infestation.

SVHC as per Regulation 1907/2006/EC ("REACH")

Does not contain (<0.1%)

Heavy metals pursuant to VdL Guideline 01

Not contained as constitutive ingredients

Legal requirements

Construction Products Regulation

Not subject to CE marking according to Regulation 305/2011/EC

GISCODE

BSW20

Eco-labels, certificates, declarations

Declaration in accordance with VdL-RL 01

Product group: translucent coatings for wood

Constituents: polyacrylate dispersion, PU-modified alkyd, drying plant oils, titanium dioxide, iron oxide pigments, organic pigments, silica, waxes, water, thickening agent, wetting agent, drying agents, BIT (benzothiazolinone), CMIT/MIT (methylchloroisothiazolinone/methylisothiazolinone) (3:1).

For allergy information call +49 (0) 5432/83-138

EN 71

DIN EN 71-3 "Migration of certain elements":

This product complies with the limits for the migration of heavy metals to children's toys according to DIN EN 71-3 and thus fulfils one of several further requirements for the safety of children's toys according to the EU "Toy Directive" (2009/48/EC).

Proportion of renewable raw materials

Made from renewable raw materials (linseed oil and natural resin)

Building certificates

Suitability as per DGNB Criterion ENV 1.2 - "Local environmental impact"

Nr.	Place of use	Product type	QS1	QS2	QS3	QS4
1	Coatings on non-mineral substrates: metal, wood, plastic	This means decorative liquid coating materials: Paints/varnishes with base coats. This does not include special-effect coatings (e.g. metallic varnishes)	Yes	Yes	Yes	No

Suitability as per BNB Criterion

No.	Construction product group	Construction product type	QN1	QN2	QN3	QN4	QN5
3a	Surface coatings processed on site and surface coatings prepared at the factory, as long as there is no indication under the German Federal Immissions Law or the Technical Instruction on Air Quality Control	Paints, varnishes, stains including base coats (as per Decopaint Directive Cat. D + E + F) Areas of application: Coatings on non-mineral interior and exterior surfaces: metal, wood, plastic	Yes	Yes	Yes	Yes	No

[nachhaltigkeit_qng_kriterium]

[LANG_POS]	Construction product group	Construction product type	QNG
6.1	Coatings on non-mineral substrates: metal, wood, plastic	This means decorative liquid coating materials: Paints/varnishes with base coats	Yes
