	Odour	Mild

The values stated represent typical characteristic data of the product and are not to be understood as binding product specifications.

Additional information > [Data sheet for ingredients](#)

Directions Seal opened containers well and use contents as soon as possible.

Tips on use

Set up a trial area to determine the application rate and reaction time.
 Ensure good ventilation.
 Leaving the cleaning agent to act for long periods may cause damage.
 After each time the cleaner is applied, rinse the treated surfaces/tools with clean water and dry off.

- **Thinning**
Dilute concentrate with water

Storage / Shelf life If stored unopened in its original container in a cool, dry place and protected against frost, the product will keep for at least 12 months.

Safety data / Regulations For further information on the safety aspects of transporting, storing and handling the product and on disposal and environmental matters, please see the current Safety Data Sheet.

Please note that the data and information given above have been calculated as guidelines in the laboratory and from real-life experience and are therefore not binding as a basic principle.

This information is therefore of a general nature only and describes our products and how they are used and worked with. In this respect, it must be borne in mind that the varied and diverse nature of the

prevailing working conditions, materials used and construction sites encountered means that not every individual case can be covered. In this respect, we therefore recommend either conducting tests or liaising with us in the event of any doubt. Unless we have provided express written assurance of the products' specific suitability or characteristics in respect of a contractually stipulated intended use, any technical application-related advice or instruction will never

be binding, even though it is provided to the best of our knowledge. In all other respects, our general terms and conditions of sale and delivery shall apply.

When a new version of this Technical Data Sheet is published, it shall replace the previous version.
