

Schimmel-Entferner

Colour	Availability
	Quantity per pallet
	Size / Quantity 1 l
	Type of container Plastic bottle
	Container code 01
	Art. no.
	5090 ■

Range of use

- For controlling and eliminating mildew and mould stains, long-lasting effect.

Property profile

- Aqueous solution with a mild odour
- No spotting on sensitive surfaces due to bleaching
- Preventive effect

Directions

Do not remove mould/mildew first!
Spray the affected areas from a distance of approx. 10 cm.
Treat any adjacent surfaces in a radius of approx. 50 cm.
Wait a few hours, then use a damp sponge to remove the dead fungi.
Once dry, the surface can be further treated as normal.

Storage / Shelf life

Store in well-sealed, original containers, out of the reach of children and in a dry, cool, well-ventilated room which is protected from direct sunlight and frost. No smoking is permitted in storage areas.

Safety data / Regulations

For further information on the safety aspects of transporting, storing and handling the product and on disposal and environmental matters, please see the current Safety Data Sheet.

Larger quantities of leftover product should be disposed of in the original containers in accordance with the applicable regulations. Completely empty, clean containers should be recycled. Do not dispose of together with household waste. Do not allow to enter the sewage system. Do not empty into drains.

Biocidal Products Regulation

Active ingredients:

100 g of this product contain 2,45 g alkyl (C12-16) dimethylbenzyl ammonium chloride

Use biocides safely. Always read the label and product information before using!

Please note that the data and information given above have been calculated as guidelines in the laboratory and from real-life experience and are therefore not binding as a basic principle.

This information is therefore of a general nature only and describes our products and how they are used and worked with. In this respect, it must be borne in mind that the varied and diverse nature of the

prevailing working conditions, materials used and construction sites encountered means that not every individual case can be covered. In this respect, we therefore recommend either conducting tests or liaising with us in the event of any doubt. Unless we have provided express written assurance of the products' specific suitability or characteristics in respect of a contractually stipulated intended use, any technical application-related advice or instruction will never

be binding, even though it is provided to the best of our knowledge. In all other respects, our general terms and conditions of sale and delivery shall apply.

When a new version of this Technical Data Sheet is published, it shall replace the previous version.
